DETAILED ACTION

Acknowledgment

1. The amendment filed on 2/1/2006 has been entered.

Allowable Subject Matter

2. Claims 11-12, 15 and 17-20 are allowed.
3. The following is an examiner's statement of reasons for allowance.

The prior art does not teach the cover for a wheel as recited in claim 11, which includes a substantially cylindrical part, a first side and a second side. The cover also includes a pair of flaps, which extend over an arc of a side of the cover in which an opening is provided and which is releasably fastened to the side. Each flap extends over approximately one half of the arc of the opening and the flaps being provided with releasable fastening means, whereby the flaps can be releasably secured together to close the opening. This recitation, in combination with the rest of the recited elements, clearly defines over the prior art.
